Subject: Notice of Proposed Rule Change for Utah Hazardous Waste Rules

To Whom It May Concern:

In their regular meeting on February 10, 2005, the Utah Solid and Hazardous Waste Control Board approved, for public comment, a proposed rule change for the *Utah Hazardous Waste Rules*. The proposed rule change is a result of a petition submitted by NUCOR Steel requesting that the Division of Solid and Hazardous Waste exclude from Hazardous Waste Listing K061 waste generated at the NUCOR Steel Plymouth, Utah Facility. The public comment period begins on March 1, 2005, with the publication of the proposed rule changes in the *Utah Bulletin* and will end on April 15, 2005.

Comments will be received on the proposed rule changes until 5:00 p.m. on April 15, 2005. Comments should be addressed to:

Dennis R. Downs, Director
Utah Department of Environmental Quality
Division of Solid and Hazardous Waste
PO Box 144880
Salt Lake City, Utah 84114-4880

Comments can also be faxed to (801) 538-6715 or sent by electronic mail to: swpublic@utah.gov and should include in the subject line: *Public Comment on NUCOR Delisting*, with attachments submitted as ASCII (text) files or in pdf format, by 5:00 PM on April 15, 2005.

For the public's convenience, an unofficial copy of the rules containing the proposed changes can be found on the Division's Web page at <http://www.hazardouswaste.utah.gov/dshw-1.htm> under the section titled Public Viewing Area/Proposed Rule Changes. The official proposed rule changes are available from the Division of Administrative Rules' Web site at <http://www.rules.utah.gov/publicat/bulletin.htm> (Vol. 2005, No. 5).

If you have questions, are unable to access the Division's web page, or need further information, please contact David McCleary or Allan Moore at (801) 538-6170.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dennis R. Downs".

Dennis R. Downs, Executive Secretary
Utah Solid and Hazardous Waste Control Board
